

# COMPUTER SCIENCE MINOR

The Computer Science minor<sup>1</sup> provides sufficient flexibility to complement any major field of study. All required courses must be passed with a “C-” or better with a minimum cumulative G.P.A. of 2.00 in the courses. We suggest that students consult with a computer science advisor to plan a minor program.

Course	Title	Credits
<b>Required Courses</b>		
All required courses must be passed with a C- or better.		
COMPUTER 1430 or MECHENG 3430	Introduction to Computer Programming Introduction to Computational Methods	3
COMPUTER 2430	Object-Oriented Programming	3
<b>Electives</b> <sup>2</sup>		<b>12</b>
<b>Total Credits</b>		<b>18</b>

<sup>1</sup> Anyone who is majoring in Software Engineering may not apply for a CS minor. No more than 9 out of the total 18 credits can overlap with any major. Minimum cumulative GPA is 2.00.

<sup>2</sup> Electives for the minor may be selected from any course in computer science, cybersecurity or software engineering \*2000 level or higher. At least 9 credits must be at the 3000 level.
