As of May 7, 2020 new freshmen applicants are not required to submit a test score for their admission review.

- For students that choose to forgo the use of a test score as a part of their admission review, additional focus will be placed on the high school grade point average and course rigor throughout the high school record.
- For students choosing to include test scores in the admission process, high school students are advised to take the ACT or SAT in the spring of their junior year and have the official results sent to the Office of Admission. Unofficial ACT/SAT scores and high school transcripts are accepted for admission consideration. Official scores and transcripts are required prior to advising/registration.
