The PAC allows students, faculty, staff and the general public to further their wellness and physical activities at a minimal cost. Membership rates for the year, month, semester or summer make lifetime conditioning programs available at member convenience. Whether it is walking the 200-meter indoor/outdoor oval track, swimming in the pool, playing basketball, volleyball, tennis or utilizing all aspects of the new 20,000-square-foot Fitness Center along with new state-of-the-art equipment (free weights, selectorized machines, two exercise studios, Kaiser spinning bikes, Precor treadmills, ellipticals and stationary bikes), members will find facilities to accommodate all. The addition of the new Fitness Center has enabled the university to double the number of users at any one time. It is the hope that a PAC membership will be the first step to a continued physical fitness program.
