DIPLOMAS

The official graduation date is the last day of the semester not the date of the commencement ceremony. The diploma will include the degree name as specified on the Application for Graduation. The official degree name will appear on the diploma: Bachelor of Arts (BA), Bachelor of Science (BS), Bachelor of Fine Arts (BFA), Bachelor of Business Administration (BBA), Bachelor of Applied Arts and Sciences (BAAS), Associate of Arts and Science (AAS), or Associate of Science (AS). If the graduate earned Magna Cum Laude or Summa Cum Laude honors it will also appear on the diploma. All other components of the degree earned including majors, minors, emphases, or certificates are part of the official academic transcript.

COMMENCEMENT

Commencement ceremonies are held as follows:

- Platteville Campus: Twice each year – at the end of the fall and spring semesters.
- Baraboo Sauk County and Richland Campuses: Once per year – at the end of the spring semester.

All coursework (including co-ops, internships and student teaching) must be completed before a degree will be awarded. Attendance at a Commencement ceremony does not imply completion of a degree. Only degree candidates who expect to complete all requirements at the end of the semester may participate in commencement. Candidates for graduation at the end of a summer session must inform the registrar if they wish to attend the May or December Commencement (Platteville Campus only). Although attendance is optional, we strongly encourage all graduates and their families to attend this important ceremony and celebrate the achievements of our new graduates.
