

SUB-MAJOR POLICY

POLICY STATEMENT

1. A **minor** course of study should be a minimum of 18 credits, including at least nine upper-division credits and nine credits taken at UW-Platteville.
2. A transcribed **certificate** should be 12-15 credits and is only transcribed *upon completion of a degree program*.
3. We appear to use the terms track, concentration and emphasis interchangeably. All of these, as areas of **emphasis** within a major course of study, should be emphases. They must be within a major course of study. The core of a major course of study are a set of courses that create a shared foundation shared by all students in the major.
4. *These definitions should not apply retroactively, but all future changes to sub-majors should conform to these definitions.*

Approved by Faculty Senate on 02/28/2023.
